“So many books about Jerusalem have been written from the perspective of Judaism or Christianity or Islam and there’s plenty to go around there. But [Montefiore] really tries to tell you what the life of the city has been like . . . why it means so much to everyone and why it’s so spectacular. You fall in love with the city and it breaks your heart that people can’t make peace over it, because it’s a treasure. It’s a wonderful book.”-- **Bill Clinton** --> <http://www.capelland.com/pages/news/index.asp?NewsID=168>
